Technologies used: Mongo, NodeJS, Express, React, JavaScript, Influx, telegraf, Bootstrap, jwt Dependencies include: mongoose, express, path, dotenv, nodemon, redux, jwt, bcrypt

Experience

Passion Productions

2015 to 2019

Technical Director

Led all production aspects, e.g., technology, gear, and team leadership, for the Cumberland location and enterprise events including implementing the vision and culture of Passion City Church within the production team. Ensured internal and external client satisfaction by building

relationships, gaining trust and requesting feedback. Launched a new location and set the groundwork for future teams to step into. Cultivated a consistent rotation of volunteers through leadership and motivation, solving a year-long issue for the company. Successfully managed a yearly budget of \$900,000

Technical Coordinator

Led multiple teams of production contractors to execute events with audio, lighting, video and performances by managing pre-planning calls, gear rental, and other event preparation.

Freelance Live Event Production

2009 to 2015

Production Technician

Served as Producer, Programming Director, Lighting Director and Lighting Designer. Scheduled and trained volunteer teams on proper implementation and storage of production equipment. Managed and archived all production data.

AE Production Services

2011 to 2012

Production Technician

Served as Lighting Designer, Audio Director, Stage Manager, Inventory and Gear Specialist, and Technician for various music festivals with artists including: Dierks Bentley, Edwin McCain, Daughtry, Luke Bryan, Atlanta Party Band, David Nail, and Parmalee.
